PUBLISHED WEEKLY IN CANAL POINT BY PAUL RARDIN

CIRCULATING THROUGHOUT THE VAST AGRICULTURAL AREA OF PALM BEACH COUNTY

JAMES L. TYSON, JR., WILL BE NEW JUDGE OF MAGISTRATE'S COURT IN THE EVERGLADES

Attorney James L. Tyson, Jr., of Pahokee will be appointed judge of the new Magistrate's Court of Western Palm Beach County if Governor Bryant follows the request of all the practicing attorneys in this section known as the Glades. This week all the practicing attorneys signed a request and it has been forwarded to the governor.

The new court is being created by the present session of the legislature and will be opened in the Glades Office Building on July 1, 1961, according to County Commissioner Paul Rardin, who said yesterday that present plans call for housing the new court in that building.

The new law calls for appointment of the judge to preside until the first Tuesday after the first Monday in January, 1963, when an official election will be held to name a judge of the court. The position as created by the legislature pays \$5,000 annually.

Mr. Tyson was graduated from Mississippi State University with a BS degree in 1941. Not too long after his graduation he became associated with Uncle Sam and served 42 months in service with a tour of European duty included.

Following his separation from the service he continued his studies at the University of Mississippi where he attained his law degree in 1948. Following graduation he went to West Palm Beach where he practiced law for five years before moving to Pahokee in 1953. Here he has been associated with Frank Friend in vegetable growing.

Mr. Tyson is married and lives with his wife and three children in Pahokee.

School Board Men Off To Convention

Palm Beach county will be represented by three School Board members at the National School Board Convention, being held in Philadelphia May 4th thru May 6th.

This convention is held annually in the last spring, sponsored by the National School Boards Association, with headquarters in Chicago. Thousands of board members from every state in the union will be present, and will discuss and consider school problems from national, state and local viewpoints.

Thurmond W. Knight, of Lake Park, Chairman of Palm Beach county School Board, will head the group, accompanied by his wife, Frances. Vice Chairman Harold Turner of Boca Raton plans to go. Milton Carpenter, board member, of Belle Glade, will attend, and be accompanied by his family.

Officers Will Take Up New PTA Duties

Mrs. Janet Pate, President of the County Council Parent Teacher Association will act as the installing officer at the Pahokee PTA meeting Monday, President W. O. Moss will preside. The program will be presented by Mrs. Doris Lane and her home economics class with a fashion show, modeled by the home economics girls.

Pahokee Election Renames Council

In the annual city election held in Pahokee on Tuesday of this week three faces were returned to the city council. Billy McKinstry, George Tucker and Hugo Boe were all three reelected.

The results were: Group 1—George H. Tucker, 345; Ralph Grimes, 289. Group 2—Hugo Boe, 350; Owen Todd, 252. Group 3—William E. (Billy) McKinstry, 516; Jack Hunt, 109.

The straw vote on the proposed ordinance to place city employees under a civil service system lost by 478 votes against it, and only 162 favoring it.

Mayor Duncan Padgett, and Councilmen Joe Thompson and C. R. Wetherington were not up for reelection this year.

Band Contest To Be In Miami May 11-13

Forty members of the Pahokee High School Band accompanied by their director Robert O. Lampi and 3 senior mother mothers as chaperones, Mrs. Robert O. Lampi, Mrs. T. L. Sellers and Mrs. Billy Sheriff, have reservations at the McAllister Hotel in Miami for May 11, 12, and 13, to attend the South Florida Band Contest. It will be held in Miami and 3600 band students are expected to participate in the concerts, solos, ensembles, sight readings and marching contests.

Concerts are to be held Friday at 8 a. m., solos and ensembles following and at 7:30 p. m. sight-readings, marching and inspections after which 25 bands will assemble on the marching field for mass band programs.

Six outstanding music pupils to participate in the solos are: Piano, Wayne Humbley, Alice Hurt and Becky Grimes; Flute, David Beeds; Snare Drums, Lamar Williams; and student conducting, Sandra Lampi.

Woodwind quintet: Patsy Keene, clarinet; David Beede, flute; Sandra Lampi, oboe; Martha Sellers, French Horn and Pam Boe, bassoon.

Standard Building Modern Station In Town Canal Point

Standard Oil Company this week started construction of a new and modern two bay filling station on the property they recently purchased immediately South of the bridge in Canal Point on US441.

Hawkins and Mow of Delray Beach, Florida, are the contractors and on Tuesday they started driving the concrete piling on which the new structure will be erected. The piling are being driven more than 20 feet into what was once the shore of Lake Okeechobee to find a secure footing.

When completed the new station will be a handsome addition to the Town of Canal Point which is already beginning to feel the results of the oncoming sugar boom in this immediate area of western Palm Beach county.

The new station replaces a group of old dilapidated buildings which were removed by the former owner who sold the property to Standard Oil. The cost of the new station has been placed at \$30,000.00. The lot on which the station is being built and the lot immediately north across the alley were bought by Standard Oil for \$23,000.00 several months ago.

Funeral Services Mrs. J. K. Royeton

Funeral services for Mrs. J. K. Royeton, who died Thursday morning in Fort Pierce after a long illness, will be held at the Canal Point Baptist church at two o'clock Saturday afternoon with the pastor, Rev. Charles D. Stewart in charge of the services, assisted by Rev. Adrian Rogers. Burial will be at Port Mayaca cemetery. She was 81 years old.

Mrs. Royeton was a long-time resident of Canal Point and has a wide circle of friends who will regret to learn of her passing. She was a member of the Canal Point Baptist church where she was a regular attendant until illness incapacitated her. At the time of her death she was living in Fort Pierce with a daughter, Mrs. Charles Curtnier.

Surviving besides Mrs. Curtnier are: Another daughter, Mrs. Joseph Mazzerro of North Miami Shores; two sons, J. J. Geiger of Clewiston and W. L. Geiger of Lake Worth. There are two brothers surviving: A. L. Pope and W. P. Pope of Canal Point; four sisters: Mrs. Eva Lowery, Mrs. J. H. Blair and Mrs. H. L. Sears, all of Canal Point and Mrs. W. B. Elam of Glenwood, Ga.

HERE IS L. V. McCLELLAND'S ADDRESS IN CHICAGO HOSP.

Mr. and Mrs. L. V. McClelland of Canal Point are in a Chicago hospital where they are undergoing treatment and medical check-ups. Their address is as follows: Room 406, Edgewater Hospital, 5700 North Ashland Avenue, Chicago, 26, Ill.

Foot Ball Clinic Is Scheduled For Sept. 8

PATIENTS DISCHARGED FROM PAHOKEE HOSPITAL

Mrs. Marie Punderburk, Pahokee; Master James Eberly, Pahokee; Miss Carla Gilliam, Belle Glade; Mrs. Alice Bewhirst, Pahokee; Mrs. Clara Moore, Pahokee; Mrs. Dorothy Ogle, Pahokee; Master John Gore, Pahokee; Mrs. Elizabeth Brown, Pahokee; Mrs. Francis Mills, Pahokee; Joe Thompson, Pahokee; Mrs. Mary Smith, Lake Harbor; Mrs. Jackie Martin and Baby, Canal Point; Miss Alice Hurt, Pahokee; M. J. Sapp, Pahokee; Miss Hannah Zane Lance, Pahokee; and Cecil Harris, Pahokee.

Office Going Up At Bryant Mill Site

Construction is well underway on the new CBS office building for the U. S. Sugar Corporation at the site of the new Bryant sugar mill. The foundation is in, the floor poured and construction of concrete block walls is progressing nicely.

Much other work is underway by workmen for the sugar company. A new railroad spur is being built to service the new mill area. Thousands of new creosoted cross ties have been unloaded and are ready for construction of the spur.

Much rock has been hauled by sugar company employees and placed on the road leading from the mill site to US441 near the Shirley Brothers Concrete plant in Pahokee.

Farrel-Birmingham officials are busy round the clock making final plans for start of actual construction of the huge mill.

J. G. Weeks To Head Canal Point Lions

The Canal Point Lions Club met Monday night with J. G. Weeks, vice president, presiding over the business in the absence of the president P. A. Slonaker.

Mr. Weeks chairman of the nominating committee presented the new slate of officers, they are: President, J. G. Weeks; First Vice President, H. H. Sears; Second Vice President, D. L. Hooks; Third Vice President, J. M. Gibson; Secretary, A. W. Jones; Treasurer, C. H. Sheppard; Lion Tamer, J. W. Repper; and Tail Twister, Mel Paul. Directors for one year; Bill Gallicek and Gauden Harrington. Directors for two years, H. G. Boynton and Floyd Erickson.

The club voted to go along with Pahokee, Belle Glade and South Bay Clubs on the Football Clinic Project. A clinic is to be held in on or around the first of September. Admission will be 75c for adults and 25c for children. Proceeds to help finance the Glades Football banquet.

Believing that results of a foot ball clinic far outstrip the costs, the Pahokee Lions club members have started a move to again hold the regular clinics before the season starts. Cooperating will be Pahokee Lions, Belle Glade Lions, South Bay Lions and Canal Point Lions.

The first clinic is scheduled for Lair Field in Pahokee on Sept. 8. The annual affair will rotate between Pahokee and Belle Glade as it did when it was in operation before. Much good emanated from the past clinics and all Lions are anxious that they pay off again.

To the uninitiated the clinics are invaluable to player and spectator alike. Officials will explain all new rules and coaches will explain old and new plays, making it an educational evening for all who attend.

If you are interested in foot ball as a spectator or as a parent of a prospective foot ball star, then you'll be interested in what the members of the Lions clubs are trying to do in conducting the clinics.

School Patrol Off To Washington, D C

On Wednesday of this week, 457 school children of Palm Beach county headed for our nation's capital. This is an annual event for members of the School Patrol, and has grown each year for the past several years.

Ed Eisey, principal of the Greenacres School, heads the group of teachers who will supervise the trip for these youngsters, and has planned very carefully the entire trip, down to each detail. This is Mr. Eisey's fifth year leading the tour.

The children and teachers met at the FEC depot at 12 noon Wednesday, and boarded a special charter train, which will run straight thru to Washington.

The trip is educational, as it will give these school children their first sight of the Capital, and they will be kept busy at all times visiting the many historical sights of Washington.

The group will return Sunday afternoon.

ART EXHIBIT

The Omicron Chapter of the Sigma Eta Society of Fine Arts is sponsoring a Spring Art Exhibit in the Community Hall in Canal Point Sunday May 7th, 3-5 p. m. Mrs. Marjorie Hatton is Chairman of the committee in charge of the arrangements of the exhibit and Mrs. Luther Jones chairman of refreshments.

Albert Fremd recently received word from his son, Harry that he is now addressed as Lieut. Commander Harry L. Fremd and is serving in the U. S. Navy on the U. S. Forstall Carrier.

Millions Paid For Phone Excise Taxes

Southern Bell customers in Florida paid an average of \$17.50 each in federal excise taxes on telephone service in 1960. The total excise tax bill for Southern Bell's customers in the state was \$14.3 million according to Bob Lee, Telephone Company manager here.

The 10 per cent tax is levied on both local and long distance telephone service. Excise taxes are also placed by the federal government on luxury items, such as jewelry, liquor and furs, but telephone service is the only household utility that is so taxed, Mr. Lee said.

The excise tax on telephone service was enacted as a war-time emergency measure to raise revenue and to cut down on non-military use of telephone facilities.

"It was supposed to be a temporary measure," Mr. Lee said, "but it is still in effect."

Removal of the tax would directly benefit all telephone customers, he said. "The tax is added to our customers' bills each month and the telephone company merely collects the tax and passes it along to the federal government," he explained.

The tax on local telephone service was scheduled to expire last June 30, but Congress extended it until June 30, 1961. The tax on long distance, as well as local service, is discriminatory against telephone users and both should be abolished, Mr. Lee said.

Conference Day For Co. PTA Groups

A New Officer's Conference Day will be conducted by The Palm Beach County Council of Parent-Teacher Associations, Tuesday, May 8, with registration from 8:30 until 9 A. M., according to Mrs. W. B. Pate, president.

The meeting will be held in Building 1141-S at the old Palm Beach Air Force Base and will be for all newly elected local unit officers and County Council chairman. Classes in each office will be conducted by County Council officers and they will be for 1½ hours. Adjournment at 1 p. m.

Mrs. Amel George, Study Group Chairman will speak on Policies and Practices; Mrs. John Adams, Treasurer, will explain the Fund Raising Policy; Herbert Kip, Publicity and Public Relations chairman for the Florida Congress of Parents and Teachers will talk on How to Win Friends and Influence People; and Mrs. Willie Truett, Scholarship chairman will explain the County Council Scholarship program.

Those attending should bring a sandwich lunch and the Council will furnish drink and dessert. All local unit officers from all over the county are urged to attend the conference as they will be able to learn what their duties are and how best to fulfill the office to which they have been elected, Mrs. Pate said.

Resolution

A RESOLUTION OF THE PAHOKEE LIONS CLUB ENDORSING THE FOUR-LANING OF U. S. HIGHWAY 441 THROUGH THE CITY OF PAHOKEE

WHEREAS, one of the major problems of the City of Pahokee is the lack of improved thoroughfares designed to permit the orderly and unimpeded flow of traffic through the City, and

WHEREAS, the improvement of existing thoroughfares and the development of new ones would serve to promote the continued growth and development of the City of Pahokee, and

WHEREAS, the Mayor and the City Council of the City of Pahokee have taken steps to bring to the attention of the Highway Commission of the State of Florida the present deplorable condition of U. S. Highway 441 through the City of Pahokee and to request its widening and improvement, and

WHEREAS, the Pahokee Lions Club is, has been, and will continue to be in favor of improvements which will contribute to the continued growth and progress of the City of Pahokee,

NOW, THEREFORE, BE IT RESOLVED as follows:

1. That the Pahokee Lions Club commend the Mayor and the City Council of the City of Pahokee upon, and offer to them its support in, their efforts to bring about the improvement of U. S. Highway 441 into and through the City of Pahokee.

2. That the Pahokee Lions Club, through this resolution, go on record as requesting that the Highway Commission of the State of Florida proceed, at the earliest possible date, with the four-laning and/or other necessary improvement of U. S. Highway 441 through the City of Pahokee along whatever route engineering surveys cost analyses, and other valid considerations shall prove to be most feasible.

3. That a copy of this resolution be furnished to the City Council of the City of Pahokee, the Honorable Paul Rardin, Chairman of the Board of Commissioners of Palm Beach County the Honorable John R. Phillips, Chairman of the Florida State Highway Commission, Tallahassee, Fla., and to Mr. W. D. Carlton, Division Engineer, State Road Department, Ft. Lauderdale, Florida.

Read in full, passed and adopted at a regular meeting of the Pahokee Lions Club this 11th day of April, 1961.

Billy R. Mosley,
President Pahokee
Lions Club.

PAHOKEE MOTOR COMPANY

PAHOKEE, FLORIDA

— Falcon Futura - Compact Cousin Of The Thunderbird - Now At Your Ford Dealers —

Here's what the new $3\frac{3}{4}\%$ interest rate on U.S. Savings Bonds means to you:

\$3 = \$4 *fourteen months faster than before*

The Bonds you own are better than ever, too

The new $3\frac{3}{4}\%$ rate means your savings grow faster than before with U.S. Savings Bonds. \$3 becomes \$4, or \$3,000 becomes \$4,000 in just seven years, nine months. This applies to all Series E Bonds bought since June 1, 1959.

Then, all older Bonds, both Series E and H, pay more now—an extra $\frac{1}{2}\%$ from June 1 on, when held to maturity.

And, all Series E Bonds carry a new 10-year extension privilege. This means your Bonds will keep earning liberal interest automatically after maturity.

These three new cash benefits make today's U.S. Savings Bonds the finest in history. They make the ones you own now better, too.

More advantages of U.S. Savings Bonds

You can save automatically. Just tell your company how much to deduct every payday for Bonds, and your Bonds will be delivered to you. This way you can't forget to save. And, remem-

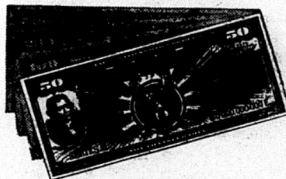

ber, the money you don't touch can't slip through your fingers.

You can get your money, with interest, when you need it. Your Bonds are a ready reserve to use anytime you wish. But, it pays well to hold them.

Your savings can't be lost or stolen. The U.S. Government guarantees to replace your Bonds, free, if anything ever happens to them.

You save more than money. The Bonds you buy help keep the peace because peace costs money. Money for better education, new scientific research, greater military strength. And the money you save helps strengthen our nation's economy which depends on the financial strength of individuals to keep it sound.

Start saving with U.S. Savings Bonds today. You'll save more than money.

You save more than money
with U.S. Savings Bonds

PROGRAM

Mr. John H. Causey, Palm Beach County Assistant Agricultural Agent, Presiding

9:00 A. M. Assembly and Registration—Mayo Pavilion

9:15 A. M. Welcome and Introductions by W. T. Forsee, Jr., Chemist in Charge

9:20 A. M. Presentation of research reports on subjects including:

1. Vegetable variety testing.
 2. Spacing with vegetable crop plants.
 3. Quick tissue testing for vegetable crops.
 4. A hormone for inhibiting rapid deterioration of some vegetable crops after harvest.
 5. Direct seeded vs. transplanted celery.
 6. Progress in development of new sweet corn and celery varieties.
 7. Nutrition of vegetable crops.
 8. Chemical weed control in vegetable crops.
 9. Resistance to streptomycin of certain vegetable disease bacteria.
 10. Bacterial leaf blights of sweet corn.
 11. Control of insects attacking table legumes, cole crops, squash, crucifers, sweet corn and celery.
- All of these discussions will be short reports with periods allowed for questions and answers.

11:40 A. M. Highlights of Vegetable Crops Research in Florida, by J. R. Beckenbach, Director, Florida Agricultural Experiment Stations.

12:15 P. M. Lunch will be served on the grounds.

- 1:30 P. M. Tour of experimental demonstration plots. Among the items available for your observation at this time will be:
1. Celery seeding demonstration.
 2. Sweet corn leaf blight resistance evaluation nursery.
 3. Chemical weed control screening trials.
 4. Celery fungicide trials.
 5. Treatments against Helminthosporium leaf blight in sweet corn.
 6. Control of insects attacking snap beans, Southern peas, summer squash, cruciferous crops and sweet corn.

Flood Control To Consider Budget

The Central and Southern Florida Flood Control District's Governing Board will hold a public hearing on its tentative \$9,824,800 budget for 1961-1962 on Saturday, May 6, at 9:00 a. m. at its headquarters, 901 Evernia Street, West Palm Beach.

This was announced today by FCD Board Chairman, Riley S. Miles, of Kissimmee, who said the hearing would be part of the agenda of the Board's regular monthly meeting.

Other items expected to come before the Board, Miles said, include discussion of the program for the Upper St. Johns River Basin south of State Road 60, confirmation of approval of local co-operation of requirements of local co-operation for the West Palm Beach Canal, and status of the survey-report for South Dade County.

PATIENTS IN THE HOSPITAL

Joshua Seaver, Pahokee; Curtis Yeomans, Canal Point; James Blair, Canal Point; Mrs. Ouida Crampton, West Palm Beach; Mrs. Louise Devane, Canal Point; Mrs. Gerald Kimble, Pahokee; Mrs. Owen Rogers, Pahokee; Mrs. Henry Hart, Belle Glade; S. F. Lowery, Felican Lake; Infant Ebley Miller, Jr., Pahokee; Mrs. Bertha Giddens, Pahokee; Lester Holmes, Pahokee; Miss Jeanette Bustin, Pahokee; Mrs. Evelyn Sasser, Belle Glade.

CIRCLE MEETING

Ione Patterson Circle of the Canal Point Baptist Church Missionary Society meets Monday at 3 p. m. at the home of Mrs. J. S. Chastain 2300 East Main Street in Pahokee. Mrs. J. L. McCall has charge of the program.

Junior And Senior Prom Set Tonight

The Pahokee High School Junior-Senior Prom and Banquet will be held tonight at the school cafeteria and in the gymnasium, with junior class as hosts. Catherine Young, chairman and Robert Boe, co-chairman, assisted faculty sponsors, Robert Hoffman, Mrs. Francis Toules, W. D. Howard and Robert Wootter.

"Sayonara" is the theme selected for the prom, which means goodbye in Japanese, and this theme is carried out in the oriental decorations. Music is to be furnished by the "Rhythm Rockers."

The banquet will start at 7:30 p. m. and last until 9 p. m., followed by the prom which will close at 1:00 a. m. Those wishing to attend the theatre party which will begin at 1:30 at the Prince Theatre will be chaperoned by the Junior Class room mothers and fathers.

A breakfast snack in the Fellowship Hall at the First Methodist Church, will follow the movie. This breakfast ends the parental chaperoning, all other activities such as Saturday's Beach Parties are each parent's responsibility.

Driver Errors Are Cause Of Mishaps

TALLAHASSEE — It's driver errors and not faulty autos that cause highway death and injury.

The Florida Highway Patrol says your chances of making a driving error in traffic compared with a mechanical defect causing you to have an accident is about 9-to-1.

Ninety per cent of all wrecks in Florida last year were caused by a driver violation, including drinking.

Out of over 124 thousand traffic crashes, only six per cent were attributed to vehicle defects.

As expected, 83 per cent of all autos involved were passenger cars.

Everglades Popcorn Research Promising

Inbred resistance to insect damage may be in the offing for popcorn strains under test at the Everglades Experiment Station east of Belle Glade.

Victor E. Green, Jr., associate agronomist, and Emmett D. Harris, Jr., assistant entomologist, report that results so far, while inconclusive, suggest that several inbred parents may be of value in contributing resistance to earworms and stored grain insects to hybrids.

The popcorn experiments involve 15 commercial and experimental hybrids grown on organic soils in southern Florida.

Yields averaged from 3,900 to 5,655 pounds per acre shelled corn at 15.5 percent moisture. All varieties weighed more than 66 pounds per bushel. Volume tests indicated that all varieties would expand above 37 volumes per measure of raw grain. Two varieties popped above 43 volumes, the highest ever tested at Belle Glade and the highest figure published to the researchers' knowledge.

A complete report on the characteristics, performance and quality of the 15 popcorn varieties tested in 1960 is given in Everglades Station Mimeo Report 61-12, available from the Florida Experiment Stations.

GEORGIANS VISIT

Rev. and Mrs. W. B. Wland and daughter Jeanie of Hinesville, Ga., were the recent house guests of his brother-in-law and sister, Mr. and Mrs. W. J. Adams. Rev. Wland is the pastor of the First Baptist Church in Hinesville.

OFF TO PANAMA CITY

Robert O. Lampi, Band director of Pahokee High School, also secretary and treasurer of Florida State Band Association left Tuesday for Panama City to attend the North Florida Band Contest on May 4, 5 and 6th. He plans to return home Sunday.

Mr. and Mrs. C. E. Martin (Nee Jackie Collier) a daughter, Tamara Lee Martin, born April 25 in Everglades Memorial Hospital.

Mr. and Mrs. Johnny Earl Clarke of 61 Pinafore Lane, Levittown, N. J., announce the birth of a daughter, April 30, Mrs. Miss Martha Scruggs, daughter of Mr. and Mrs. S. S. Scruggs, Sr., of Runyon.

Mr. and Mrs. Jimmy Norman of Belle Glade (Nee Martha Gail Ammons) announce the birth of a daughter born May 1st, in Belle Glade Memorial Hospital.

Boca Interchange Nearing Completion

TAMPA — John M. Hammer, chairman of the Florida State Turnpike Authority, said today that the new Boca Raton interchange is quickly nearing completion.

Hammer said construction on the \$313,276 project started in October, 1960, and is expected to be completed by June 1.

An opening-day ceremony is being arranged, Hammer said.

The chairman of Florida's turnpike said the new interchange will give North Broward County and South Palm Beach County motorists a new access to the Parkway.

Parkway revenues are expected to increase accordingly, Hammer added.

The modern interchange, being constructed by Dickerson, Inc., of Stuart, Florida, is 32 miles north of the southern terminus of the Parkway at Miami.

It will be connected to the Boca Raton Road. (SR 806).

Right now is a good time to buy sweet corn while Florida's crop is at its height. There is no simpler dish to fix than steaming corn-on-the-cob with butter and salt and no dish that has greater appeal to young and old alike.

Scientist Believes Vibriosis Cause Of Cattle Infertility

GAINESVILLE — Vibriosis is now generally considered to be a major cause of infertility in cattle, according to a University of Florida scientist.

Dr. F. H. White, assistant bacteriologist with the Agricultural Experiment Stations, says damage due to this bacterial disease is limited primarily to fetal tissues and does not affect the general health of the adult animal.

He adds that bulls may carry the organisms without any signs of damage to the animal. Vibriosis is spread in a herd by means of the breeding process. It may also be spread by means of artificial insemination if the bull from which the semen is collected is infected.

Dr. White warns that it is very important for breeding associations to know the status of their bulls in respect to vibrio infection. Although clinical examinations, as well as breeding records, are helpful, he says they cannot be relied on to diagnose vibriosis in a herd. Progress is being made in the development of accurate tests for the detection of this infection. Florida is cooperating with other Southern experiment stations in an effort to better understand vibriosis and to reduce the economic losses it causes.

Dr. White says prevention of infection and reduction in losses from vibriosis depend largely on management practices. "It is hoped that local veterinarians will be consulted in cases of infertility and abortions," he adds, "since proper diagnosis is of utmost importance in these cases."

Weeki Wachee Is Field Service Locale

BROOKSVILLE — Weeki Wachee, Florida West Coast tourist attraction, was the meeting place on April 22 of Florida high school students and members of the American Field Service chapters which are planning to have students from overseas in their school next fall.

The meeting was to help Central Florida schools get a good start on the AFS program. Florida has 14 students from other countries in 12 high schools and is looking forward to more than doubling that number next fall, according to Mrs. William Schuffman of Tampa, Florida AFS representative.

Great interest is springing up all over the state in this international scholarship program since students live as a member of a family while attending school, thus building international friendships.

Mrs. W. B. Elam of Glenwood, Ga., arrived in Canal Point last Friday with her sister, Mrs. Eva Lowery and is her house guest. Mrs. Lowery spent the past month visiting relatives in and around Glenwood.

Folk Singers In Festival May 5, 6, 7

WHITE SPRINGS — Folk singers from several states will repeat their songs of long ago in the ninth annual Florida Folk Festival to be held at the Stephen Foster Memorial here May 5, 6, 7. They will join hundreds of folk dancers, tale tellers, craftsmen and others who will be seen and heard during the seven programs scheduled on the banks of the Suwannee River.

Sponsoring the colorful three-day event are the Florida Folk Festival Association, the Florida Federation of Music Clubs and the Stephen Foster Memorial Commission.

Folk songs of many lands are heard during the festival, which is staged on a shady outdoor stage overlooking the Suwannee River. Singers appear singly and in groups, with accompaniment by either, autoharp, ukulele, banjo, guitar, fiddle, dulcimer, harmonica, jew's harp, accordion or musical saw.

FLORIDA WOMEN PLAN HOME DEMONSTRATION WEEK APRIL 30-MAY 7

TALLAHASSEE — Home demonstration members throughout Florida are planning special activities to focus public attention on home demonstration work during National Home Demonstration Week, April 30 - May 7.

Miss Anna Mae Sikes, state home demonstration agent, says local clubs and county councils of home demonstration members will sponsor open houses, feature exhibits in local stores, and have special programs on television and radio to reach new homemakers. Newspapers will carry news and stories about the work in their areas.

She says the purposes of National Home Demonstration Week are to develop a better understanding among the general public of the home economics research and extension educational program conducted by the U. S. Department of Agriculture and state land-grant colleges; to inform more people of the unique contribution of the total extension service to economic and social development in this country; to alert state and county officials and other community leaders of the adjustments being made in the home demonstration program to meet the needs of modern-day living; to provide for recognition of, and further participation by, the home demonstration leaders in Florida.

The state agent points out that membership in home demonstration clubs is composed of women interested in informal homemaking education. The activities of the home demonstration club are designed primarily to help develop leadership and stimulate homemakers to greater achievements in the home. The clubs serve as a channel through which research findings related to the home and family may reach families.

Miss Sikes reports that about 30,000 Florida women are enrolled in 1,100 home demonstration clubs.

Grass May Be Lush But Fail To Supply Cattle Requirement

GAINESVILLE — A University of Florida dairy specialist warns that pastures vary as to the amount of nutrients they will provide.

T. W. Sparks, with the Agricultural Extension Service, cautions dairymen that lush spring or summer pasture can be either the dairyman's best friend or one of the trickiest profit stealers, depending on how the dairyman manages his cows and their grain ration.

While lush pasture may flush milk production temporarily, it does not provide the necessary nutrients to keep the cows in good production.

Sparks says well-fertilized pasture grasses may be high as 28 to 30 percent in protein in April and then decline to 4 to 7 percent in July and August.

Non-fertilized pastures also vary widely in the amount of nutrients at different stages and seasons. However, researchers have found that the percent of protein in non-fertilized pasture grasses is considerably lower than in fertilized pastures.

Sparks adds that not only are there less nutrients in non-fertilized pasture grasses, but they are less digestible when they are mature.

Here's A Strawberry Story That's A Dilly

ZEPHYRHILLS — Arthur Lane has been growing bumper crops of strawberries at his farm off Fort King Road for 15 years but recently he hit the jackpot and staged a private festival when he picked a berry measuring $\frac{4}{16}$ inches across, weighing $\frac{2}{16}$ ounces and virtually covered the bottom of

a pint basket.

This was the largest berry he has grown during the 15 years of working with Florida "90" strawberries — or any other variety for that matter.

Long known locally as "the strawberry man," Lane was born in Hillsborough County exactly 18 miles from his Pasco County home. He has truck-farmed all his adult life and since moving to this community some 20 years ago, has shared his gardening know-how with "Florida Crackers" and newcomers to the state alike.

Air Mail Envelopes For Air Mail Service

"Air mail envelopes should never be used unless the sender desires air mail service. While the use of air mail envelopes for first-class surface mail is fortunate not widespread, usage is frequent enough to merit special attention." So says Canal Point Postmaster Edythe Smith.

The colorful red and blue bordered envelopes are restricted to mail intended for transportation by air. If this restriction is not observed, there is potential trouble and embarrassment for everyone concerned. Air mail envelopes which do not bear sufficient postage (7c per ounce up to 8 ounces) are handled as air mail, and postage due is collected from the addressee. In the process, the post offices involved are compelled to give the item in question special and expensive attention. This person to whom the envelope is delivered is certainly not pleased when he is requested to pay for special service that neither he nor the sender had in mind.

Mrs. F. M. Templer and Miss Kay Seckinger of Perrine were Sunday guests of Mr. and Mrs. Paul Rardin.

Mining Town Turns Up Interesting Bones

BREWSTER — Joe Larned of Bradley, amateur naturalist, uncovered a real treasure while digging in a Brewster phosphate pit. He uncovered a complete claw of the long extinct Megatherium or ground sloth.

Museum officials at the University of Florida and Florida State believe that Larned's find will provide much available information in piecing together history of creatures that probably roamed the sands of Florida during the ice-age.

While fragments of such claws have been found in the past, this is the first time a complete claw, in a good state of preservation has ever been found.

The claw measures 12 inches long and six and one-half inches wide which scientists say would indicate that the animal when alive weighed around eight tons. Larned's find also included part of the creature's jaw and teeth. Teeth measured two and one-half inches wide and five inches long. Size of the creature is estimated at 40 to 50 feet long and weight between 15,000 and 20,000 pounds.

The ground sloth was a sluggish animal, its brain weight was only a few ounces and this species apparently lived only in central Florida.

Mrs. C. B. Jones accompanied her sons, Alton and Charles his wife and sons for a weekend on Ft. Myers Beach.

PRINTING
OF QUALITY

Picture of a Promise

Sure, she's a grand old flag!
That's why we salute her.
That's why we pledge allegiance to her.

That pledge, in its simplest terms, is another way of saying, "Count me in. You're my country and I love you and need you. Your problems are my problems, and I'm with you all the way."

Your country's biggest single problem is the perpetual responsibility for keeping the peace its people want. You can help with this problem by remembering this:

Peace costs money. Money for military and industrial strength. Money for science and education. And money saved by individuals — by you — to help keep the economy strong. Bonds provide this money.

Christian Science Group Of Canal Point

Man's perfect, spiritual relationship to God will be emphasized at Christian Science services this Sunday.
 Opening selections from the Bible in the Lesson-Sermon on the subject "Adam and Fallen Man" will include these passages from the first chapter of Genesis: "And God said, Let us make man in our image, after our likeness: . . . So God created man in his own image, in the image of God created he him; male and female created he them. . . . And God saw every thing that he had made, and, behold, it was very good."
 From "Science and Health with

Key to the Scriptures" by Mary Baker Eddy these lines will be read (p. 239): "The Christlike understanding of scientific being and divine healing includes a perfect Principle and idea,—perfect God and perfect man,—as the basis of thought and demonstration."
 The Golden Text comes from Psalm 138: "The Lord will perfect that which concerneth me: thy mercy, O Lord, endureth for ever."

Methodist Money For Mission Work

LAKE LAND — Florida Methodists have been asked to take a special offering Sunday, May 7, to aid the church's missionary program in Africa.

Methodists across the country have set a goal of \$2,500,000 for their combined offerings in response to an appeal by the Council of Bishops.

"When things are at their worst, the Church must be at its best," the bishops said in an episcopal letter. "To this end we are calling for a special offering for Africa

in every one of our 40,000 churches. Through our mission stations, we must answer the urgent need of food, medicine, leadership and education."

Bishop James W. Henley of Jacksonville, in a separate letter to the 235,000 members of 550 churches in the Florida Methodist Conference, noted that this is the largest single offering the church has ever undertaken.

"Christian missionaries have been at work in Africa for long years," he said. "What they have been able to accomplish is one of the most thrilling stories of missionary achievement . . . but present events make it clear that we must gird ourselves for new and larger ministries to this troubled, but promising continent."

Bishop Henley added that "No emergency that has been brought to the attention of the Church has been more serious or more worthy of sacrificial response."

Mr. and Mrs. Charles Moran had as their Tuesday luncheon guests, her daughter Mrs. Adaline Stuckey, and her two daughters-in-law, Mrs. Duncan Padgett and Mrs. John Padgett of West Palm Beach.

New $3\frac{3}{4}\%$ interest on U.S. Savings Bonds

The Treasury explains why the new ones you buy and the ones you own now are better than ever

Q: How does the new $3\frac{3}{4}\%$ interest rate benefit me?

A: With Series E Bonds, the rate turns \$18.75 into \$25.00 fourteen months faster than the old rate. Your savings increase faster, because your Bonds mature in just 7 years, 9 months.

With Series H Bonds, the 10-year maturity period stays the same but more interest is paid you each six months. With both E and H Bonds the new rate works out to $2\frac{1}{2}\%$ for the first year and a half; then a guaranteed 4% each year to maturity.

Q: When did the new rate become effective?

A: June 1, 1959.

Q: Does the new rate change the Bonds I bought before June 1, 1959?

A: All older E and H Bonds pay more now—an extra $\frac{1}{4}\%$ from now on, when held to maturity. The increase takes effect in the first full interest period after June 1.

Q: Will the Bonds I own automatically earn their new rate?

A: Yes. You don't need to do a thing—just hold on to your Bonds.

Q: When my E Bonds mature, will they keep on earning interest?

A: Yes. An automatic 10-year extension privilege went into effect along with the new interest rate. This means your E Bonds will automatically keep earning interest after maturity.

Q: With the new interest rate, should I cash in my old Bonds and buy new ones?

A: No. The automatic $\frac{1}{4}\%$ increase makes it unnecessary—and in almost every case it is to your advantage to retain your present Bonds.

Q: How are series H Bonds different from series E Bonds?

A: The chief difference is this: You buy H Bonds at full face value and the interest is paid by Treasury

check every six months for the life of the Bond. You buy E Bonds at 75% of face value and the interest accumulates to maturity. H Bonds provide income for living expenses, while E Bonds build a nest egg for the future. That's why many retired people hold H Bonds and families saving for, say, a child's education, buy E Bonds.

Q: In what denominations can I buy series E and series H Bonds?

A: E Bonds: \$25 (cost \$18.75), \$50 (cost \$37.50), \$100 (cost \$75.00), \$200 (cost \$150.00), \$500 (cost \$375.00), \$1,000 (cost \$750.00), \$10,000 (cost \$7,500.00).

H Bonds: \$500, \$1,000, \$5,000 and \$10,000. They are priced at face value.

Q: How safe are U.S. Savings Bonds?

A: Savings Bonds are an absolutely riskless way to save. The United States Government guarantees the cash value of your Bonds will not drop, that it can only grow.

Q: What if my Bonds should be lost, stolen or destroyed?

A: You can't lose. Every Bond purchased is recorded by the Treasury. If anything happens to your Bonds they are replaced—free.

Q: Where can I buy Bonds?

A: Buy E Bonds at any bank—it takes only a few minutes. Buy them automatically through the Payroll Savings Plan where you work. This Plan means you can have any amount you name automatically deducted every payday. The Bonds you buy by installments are delivered to you automatically, too. Your bank will take your order for H Bonds.

Q: How do I help strengthen America's peace power when I buy U.S. Savings Bonds?

A: Peace costs money—money for military strength and for science. And money saved by individuals helps keep our economy sound.

22 Pct. Vegetables Go New York City

Florida provides 85 per cent of the nation's winter and spring demand for snap beans, 61 per cent of lima beans, 82 percent of sweet corn, 94 per cent of eggplant, 80 per cent of escarole and endive, 73 per cent of green peppers, 75 per cent of radishes, 99 per cent of the tangerines and 65 per cent of watermelons.

The Sunshine State grows nearly a fourth of the world's oranges and tangerines, and two-thirds of the world's grape fruit. Florida produces some two thirds of the oranges and three-fourths of the grapefruit in the U. S.

Of all the vegetables sent from Florida, more than 22 per cent goes to the New York City market area.

Chester H. Mullis Honored By Company

NASSAU, BAHAMAS, B. W. I. — Chester H. Mullis, agency representative for Life Insurance Company of Georgia in the Canal Point area, was honored here today while attending his company's 1961 President's Club Caribbean cruise convention.

Recognition was accorded Mr. Mullis during a special awards ceremony, part of a business session being held by Life of Georgia in the Governor's Hall of the British Colonial Hotel. To the strains of stirring march music, Mr. Mullis was escorted to the rostrum by company officials. Vice President for Field Operations Rankin M. Smith cited Mr. Mullis for his outstanding record of having sold more than a quarter million dollars of life insurance during 1960, and presented him with a gold watch.

Witnessing the presentation were more than 200 other leading field representatives and their wives, who are attending the convention from Life of Georgia's 11-state southern territory.

Mr. Mullis joined Life of Georgia in 1959. He lives in Pahokee with his wife, who is also attending the convention.

IT WAS A GREAT SUCCESS

I wish to thank every one who was so kind to help on the Canal Point Cancer Fund Barbecue held Saturday Night at the Pahokee Elks Club. Without their help it wouldn't have been the success it was. Thanks.

Mrs. G. H. (Duke) Tucker
Chairman of Canal Point
Cancer Fund.

Final PTA Meeting Of Year At C. Point

Canal Point Parent-Teacher Association held its last meeting of the 1960-1961 year Monday night in the school cafeteria. The meeting was opened by the Flag ceremony and W. E. Blackwell gave the devotional.

The outgoing president, Mrs. Joe Cherry presided over the business session. Mrs. James Gibson gave a treasury report of a balance of \$506.68. Recommendations of the Executive Board were approved that the room count be taken at the door and only paid members could participate in this voting. A donation of \$50.00 was voted to purchase new library shelves. Mrs. Helen Henderson's second grade won the attendance award.

A. R. Harrington, program chairman, introduced the guest speaker, Mrs. W. B. Pate the District PTA President. She talked on Parent-Teacher Association, how it functions and some of the things it accomplishes. She pointed out that it was responsible for promoting the growth and intelligence of the children by helping to give them a fuller life. Mrs. Tate closed her talk by stressing need of the officers of this organization to work with God's daily guidance. Mrs. Tate installed the following officers for the 1961-1962 year: President, Mrs. W. E. McCall; 1st Vice President, Floyd Erickson; 2nd Vice President, Mrs. James Gibson; Secretary, Mrs. Dick Miller; Treasurer, Mrs. G. L. Lanham and Historian, Mrs. Billy Huddle.

Mrs. Cherry presented corsages to the newly installed officers and a box of handkerchiefs to Mr. Erickson. Mrs. Billy Huddle read the history of the Canal Point PTA for this year.

The new president, Mrs. McCall, gave praise for the good work done by Mrs. Cherry in the two years she was president and presented her with a gift from the organization. Meeting was adjourned by Mrs. Cherry and refreshments were served by the members of the faculty.

DINNER ON GROUND

The First Missionary Baptist Church of Canal Point observes the first Sunday in the Month of May as annual Home Coming Day. Regular Sunday program will be carried out with Rev. F. Robbins as the guest preacher. Basket lunches will be spread on the Church lawn at noon.

269 Pedestrians Are Killed During 1960

TALLAHASSEE—Two hundred sixty-nine pedestrians were killed and 3,567 injured in traffic last year the Florida Highway Patrol said today.

Almost one third of the injured pedestrians were children ages through nine years. In the age bracket, 0-4 years, to total was

520. And from 5 through 9, 815.

The most frequent cause of pedestrian injury was crossing a street or highway where there was no intersection, a total of 1,499.

HOME FROM CHICAGO

Mrs. M. C. Carter returned home Thursday after spending the past month with her sons-in-law and daughters; Mr. and Mrs. C. A. Doering in Akron, Ohio and Chief M. M. Eugene McCall and family in Chicago, Ill.
